LP	Perp. to Stage	9'	NA	-	OSL & OSR Ladder Pipes ***	

MORE NOTES:

All pipes are schedule 40, 1 1/2" I.D. - Seven (7) pick points per pipe at 11' 6" apart.

The end 10' 6" of each pipe is removable.

The Orchestra Shell Ceilings and Back Wall are permanent and CANNOT be removed.

The sheaves cannot be kicked in any direction, the sheaves, however, are under hung 7' above the grid floor.

The standard stage masking is set for 48' wide, expect lineset #3 which is set for 52' wide.

Projection screens typically hang with the border on lineset #25, side masking with linesets #26, #27.

* Side masking pipes are 25' 0" long SL and 21' 0" long SR.

*** Ladder Pipes starts even with lineset 8 downstage and ends even with lineset 45 upstage.
